

Mustang and Wild Horse Rescue of Georgia, Inc.

BECOME A VOLUNTEER!

It takes a lot of people power to keep things running at the barn. Our volunteer program is designed to bring people who have a deep love and respect for horses, especially mustangs, together with horses that need love and respect. Our hope is that volunteers will acquire the knowledge to interact with horses in a positive manner. By learning and demonstrating levels of responsibility and knowledge, our volunteers will advance to the point where they will be able to help train others.

We need volunteers to do much of the physical labor needed to keep the rescue running smoothly and the horses well cared for. We also need folks to help with a variety of other non-horse related endeavors. If you have skills that could support the rescue, please consider assisting one or more of the activities listed below. Our Volunteer Coordinator will put you in touch with the respective point of contact for the ones that interest you.

Be sure to take a look at our Volunteer Handbook and fill out our Volunteer Application. We are excited to have you come on board to help us "Let 'em Run!"

Volunteer Activities

Barn Duties

- Barn work
- Training horses
- Trailering horses
- Training Horses
- Mucking out stalls & pasture
- Grooming
- Classes
- Feeding & watering
- Tack cleaning
- Horse safety
